Registration is valid only after payment of the registration fee.

city, date

Signature

Josef Leibetseder-Price 2010

In the course of the symposium a
prize of € 1.000,-

will be awarded to the best project documenting
animal assisted therapy in the form of a poster.

This prize is meant to promote animal assisted
work and scientific research in this field.

For the “Josef Leibetseder-Price 2010”
I would like to submit a poster with the
following title:

For information about the format of the abstract
and the specifics of the submission process see:
<http://www.tierealstherapie.org>

*Tiere als Therapie –
Wissenschafts- und Ausbildungszentrum
(science and training center)*

**5th International Symposium for
Animal Assisted Therapy**

**„Animals help heal – Prevention,
Salutogenesis and Resilience“**

October 1st to 2nd, 2010

Invitation

University of Veterinary Medicine Vienna
Veterinärplatz 1
A-1210 VIENNA

**5th International symposium for
Animal Assisted Therapy**

In October 2010 „Tiere als Therapie–
Wissenschafts- und Ausbildungszentrum“
hosts the 5th International Symposium for Animal
Assisted Therapy to provide all persons and
institutions interested in this field the opportunity
to

- Present their projects
- Exchange experiences
- Educate themselves
- Discuss the most current scientific
expertise

Please send your registration to:

Tiere als Therapie - WAZ
Veterinärmedizinische Universität Wien
Veterinärplatz 1
1210 WIEN
Fax: 01-25077-3391

For any further questions please do not
hesitate to contact us :
tat-symposium@tierealstherapie.org
or
Tel.: 0043 (0)1-25077-3340
(Monday to Friday, 9 a.m. to 12 a.m.)

Some of the planned lectures:

Bakk. Michael E. Kaufmann - Green Chimneys -
USA: Utilizing the Natural Behaviour
of Farm Animals, Horses and Wildlife in the
Treatment and Education of Children with
Psycho/Social disabilities at Green Chimneys

Prof. Kurt Kotrschal – Wolf Science Center ,
Konrad-Lorenz Forschungsstelle – Austria :
A dog supports an insecurely attached child
more efficiently than a human in their stress
control (DACH-study)

Dr. A. Schwarzkopf – expert on hospital
hygiene: Psychoneuroimmunology–the effects on
the human brain.”

Dr. Roman Schenk - Multimodal and dolphin-
assisted therapy projects in eating disorders

Dr.ⁱⁿ Nanditha Krishna - Pet Assisted Therapy –
Blue Cross India:
Dog Assisted Therapy for autistic Children

**Dr.ⁱⁿ Christiane Cuny, Dr.ⁱⁿ Layer und
Prof. Witte:** Methicillin-resistente Staphylococcus
aureus (MRSA) for human and other animals

Your logo could be placed here.
Please support the work of TAT - WAZ or
represent your institution at the
symposium.
